

## **Film Script Features Capay Valley — Available at Esparto Library**

Italian screenwriter Tommaso Scutari, using his artist name John J. Greenflowers, has gifted one of ten signed copies of his new film script “5 Days B4...back 2 life” to the Esparto Regional Library. The three act screenplay written for the movie industry is in its original language, Italian. Translated version will be available soon. Below is a letter Mr. Scutari sent accompanying his gift.

To the Capay Valley People,

The seventh day God was tired and decided to spend his holiday in Capay Valley.

Oh! I remember God,  
He was walking across your country, on a white horse, together with his Son and the Holy Spirit: he went down from the horse and sat at the top of the Canyon, smiling.

A fresh wind came far from the Pacific sea, moving the hairs of God. God had a look around Capay Valley: his happiness was so great that he cried. The tears of God ran down fast along his white beard, and more down straight into the bottom of the canyons, filling them: the tears of God made the Cache Creek river.

The Dreams Country was born.

I can feel the heart of Capay Valley people beating inside my soul. I can see the people working hard every day, looking to give hope and peace to the next generations. I can see at the top also Joshua, sat down by the fire, beside God: telling Him many stories...the “Joshua tales on the Cache Creek.” I can see the American mothers shedding tears into the Cache Creek river: I can see the never-ending happiness of their sons, dead for freedom.

One river, many tears. The tears of a happy God and the tears of the grieved mothers: blended, all together, forever. In the same river...the Holy river.

Like a wild horse riding along the Cache Creek my heart is looking for a piece of God. I can see the children, dreaming, smiling and playing in the meadows of Capay Valley with their families.

One day I'll touch the waters of the Cache Creek river and I'll quench my thirst of God, my thirst of peace, my thirst of dreams.  
God bless the World.

Lake of Como, Tuesday, 05 October 2004

John J. Greenflowers (aka Tommaso Scutari)
